Thursday, August, 4
9:00am-10:50am
Minneapolis Convention Center, Level One, Room 101F

Session Type: Symposium 2.0
Session Title: Where are the Parents in Child Focused Treatment Protocols
Session Description: Caregivers are critical to the treatment of child behavior problems, but limited guidance exist on if and how to include them in evidence based treatment protocols. Three senior clinical researchers from Divisions 43, 53 and 54 lead this discussion.

Thursday, August, 4
12:00-12:50pm
Minneapolis Convention Center, Level One, Ballroom B
Cosponsor(s): Division 37
Session Type: Symposium 2.0
Session Title: Posttraumatic Outcomes Following Reproductive Trauma: Research and Clinical Applications for Couples
Session Description: Research in the area of reproductive trauma is scant. In this session, presenters will discuss recent research for posttraumatic outcomes following reproductive trauma, as well as a specific EFCT paradigm for couples within this unique population.

Thursday, August, 4
1:00pm-1:50pm
Minneapolis Convention Center, Level Two, Room 205C

Session Type: Social Hour
Session Title: Student and Early Career Coffee Mentoring Hour
Session Description: Join us for an informal mentoring hour over coffee. Meet other students and early career professionals as well as senior researchers, practitioners, and policy makers interested in family and couple psychology.

Friday, August, 5
8:00am-8:50am
Session Type: Critical Conversations  
Session Title: Working with Black Men and Fathers in Psychotherapy: A Critical Conversation*  
Session Description: In this critical conversation, the facilitator will engage in a brief overview of clinical work and research regarding black men and fathers. The speaker and participants will then engage in a dialogue about psychotherapy, safe spaces, and healing.  
*CE Credit available

Friday, August 5  
11:00am-12:50pm  
Minneapolis Convention Center, Level One, Room 101D

Session Type: Skill-Building  
Session Title: Integrating Recent Findings from Relational Neurobiology and Positive Psychology into Systems Therapy*  
Session Description: Participants will learn several strategies that apply recent findings from interpersonal neurobiology and positive psychology to couple/family therapy. Emphasis will be on interventions that moderate the amygdala by activating the prefrontal cortex.  
*CE Credit available

Friday, August 5  
3:00pm-3:50pm  
Minneapolis Convention Center, Level One, Room 102C  
Cosponsor(s): Division 12--Society of Clinical Psychology
Session Type: Critical Conversations
Session Title: Traversing Systems in Couples Tele-Therapy Amidst COVID-19 With an Anti-Oppressive Framework
Session Description: Couples therapists must consider the layered interactions between systems in and outside of the therapy room. This presentation will offer antiracist, culturally-conscious strategies for clinicians and trainees to foster inclusivity via tele-therapy.

Friday, August, 5
4:00pm-4:50pm
Minneapolis Convention Center, Level Two, Room 205B
